

## From the Desk of Vice Principal

**"An investment in knowledge pays the best interest."  
- Benjamin Franklin**

**Ms Garima Sharma**

I am elated to reflect on another incredible year at APS Bathinda. The school holds a special place in my heart and our young prodigies, excelling in various aspects of the school environment, lend a purpose to our being. Our students have been consistently demonstrating, exceptional academic achievements, artistic talents and sporting prowess. Thanks to our dedicated team and visionary leadership, the school has progressed by leaps and bounds at various fronts. We, at APS Bathinda, are committed to shape our children into confident and responsible citizens of tomorrow.

'Expressions,' our school journal, is a compilation of celebrated moments and remarkable achievements of our students and teachers alike. It aptly highlights through its pages, the brimming creativity and thoughtful expressions of our promising students.

It also underscores the achievements of our notable Alumni with whom we cherish the everlasting ties as they continue to inspire posterity and serve as role models, giving back to their Alma Mater. Together, we shall continue to scale greater heights, working with the purpose of creating a supportive, inclusive and stimulating environment that fosters growth and creativity.

God bless!

Jai Hind!
